

## Console Compatibility List

Updated: November 2016

*Italics: Discontinued/ Not listed on website*

This is a reference guide to help you identify which Littlite will work with your sound or lighting console. All Littlite task light series are available in 6", 12" or 18" gooseneck lengths and low intensity, high intensity or LED light types. You can also compare your consoles connection to our Rite Lite Flow Chart to find your perfect Littlite Task Light, follow the link below! <http://www.littlite.com/contentfiledata/download/23>.

This information is accurate to the best of our knowledge. Always consult your user manual for more details on your console before connecting your task light(s). Please contact Littlite if you have any questions. [info@littlite.com](mailto:info@littlite.com) or 888 548-8548.
