

The Showgear Conical Adapter Case 2 is designed to hold up to 192 pins, offering a clear and organised solution for rigging setups. It gives you an instant visual overview and makes it easy to spot missing parts before heading out or during teardown (pins not included). By streamlining your workflow and reducing the risk of forgotten items, this case saves valuable time and prevents frustration when building or dismantling a truss system. Penn Elcom butterfly latches ensure long-lasting durability and ease of use. A small additional compartment offers space for extra accessories, keeping everything you need in one reliable case. The Conical Adapter Case comes with two adapter inlays.

Special features:

- Holds up to 192 pins in individual slots
- Provides instant visual overview to identify missing parts
- Saves time and hassle
- Penn Elcom butterfly latches
