

SWIT

Heavy Duty Battery Pack

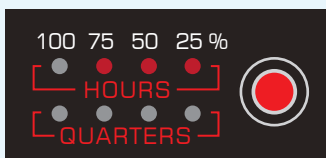

PB-R220A

- › Strong 1.5m drop off proof
- › 14.4V, 220Wh capacity
- › 200W, 16A constant high load
- › 6A fast charging support
- › 8-LED digital power indicators
- › SONY/RED viewfinder power info display
- › D-tap power output socket
- › Gold mount connection
- › Multiple circuit protections

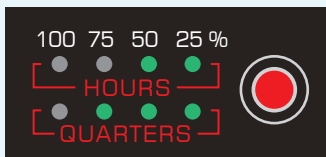

Power Info Display

The 8-LED power check indicators tell not only the remaining power percentage, but also the remaining running time on the equipment, accurate to 15 minutes. Meanwhile, the battery pack adopts SMBUS info system that can display remaining minutes in both SONY and RED camera viewfinder.

▲ 75% power left

When battery is free, press "Power Check" button, the upper 4 LEDs indicate remaining power percentage. When battery is under charging, the upper 4 LEDs flash and indicate remaining power percentage.

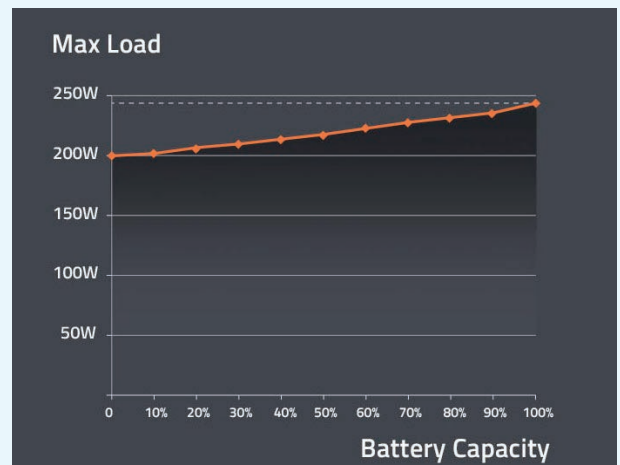

▲ 2 hours 45 mins time left

When the battery is working on camera or other devices, press "Power Check" button, The upper 4 LEDs indicate remaining working hours; And lower 4 LEDs indicate remaining working minutes.

High Load for Cine Cameras

200W / 16A constant load

PB-R220A provides at least 200W/16A high load even at 1% power, to drive high power Cine cameras and on-camera devices together. The high load cells will also ensure battery life comparing to normal load batteries if long time full load output.
